Case No. 2:12-CV-0096-KJD-PAL

ORDER

16
17 Presently before the Court is Appellants' Application for Extension of Time to File Opening
18 Brief (#6). Appellee Timothy S. Cory, Chapter 7 Trustee, filed a response in opposition (#8).
19 Having read and considered the motion, and good cause lacking, it is denied. Though Appellant
20 seeks to consolidate a related appeal, such a request would be denied by this Court. The two appeals
21 have different parties, different facts and different issues to be decided on appeal. To the extent that
22 Appellant argues that doing so would avoid inconsistent rulings, the Court finds that since both
23 appeals are before the present court, there remains little possibility of inconsistent rulings.

24 Accordingly, IT IS HEREBY ORDERED that Appellants' Application for Extension of Time
25 to File Opening Brief (#6) is **DENIED**;
26

1 IT IS FURTHER ORDERED that Appellants' opening brief be filed no later than seven (7)
2 days after the entry of this order, no further extensions shall be entertained.

3 DATED this 16th day of May 2012.
